The UK's Leading Solar Lights Specialists

Solar Lights is the fastest growing sector in the home and garden industry

To find out more call our sales team on 020 8065 0355 or email sales@oelights.com

OUR INDUSTRY

In 2016 the home and garden industry saw huge growth with consumer spend reaching £5.7 billion, and this number is set to rise to £6.4bn by 2021.

36% of consumers say gardening is a favourite pastime and this rises to 46% for those that are 65+.

SOLAR LIGHTS

Solar lights combine two of the most innovative low carbon technology adoptions, Solar PV and LEDs, to harness the power of the sun.

Over the past 10 years solar lights have proven to be a big hit with consumers due to the ease of set-up, practicality and the need to reduce carbon footprint. The solar lights sector is now the fastest growing sector in the home and garden industry.

Solar lights are popular throughout the year. Solar decorative lights including solar fairy lights are in high-demand in spring, summer and winter. The main period for solar fairy lights being the festive period. Solar post lights and solar security lights are in high demand throughout the year, but solar security lights sell particularly well in winter during periods where it gets dark early.

The UK's leading solar lights specialists, OE Lights, is at the forefront of this pioneering technology. We developed solar lights which are designed to deliver maximum lighting with minimum daylight, which means even with cloudy weather our solar lights will deliver lighting for hours.

8 SMD LED Solar Security Light

Product Barcode: 5060332400546

Measures : Height: 11.5cm | Width: 8.5cm | Depth: 4.5cm

- ✔ Uses SMD technology for enhanced performance
- ✔ 8 x SMD LEDs per light
- ✔ No need to connect to mains
- ✔ No electricity costs charges using power from the sun
- ✔ Rechargeable batteries supplied
- ✔ Designed for year-round outdoor use
- ✔ Easy installation – no DIY skills required
- ✔ Waterproof and weather resistant (water resistance rating: IP67)
- ✔ Designed for UK climate
- ✔ Automatically turns on when motion is detected
- ✔ 5 metres detection range
- ✔ Lights for 15 seconds once motion is detected
- ✔ Designed to meet the OE Lights Standard
- ✔ Up to 8 hours run time
- ✔ CE/ROHS certified
- ✔ 2-year guarantee

- ✔ 15 x LEDs per light
- ✔ No need to connect to mains
- ✔ No electricity costs charges using power from the sun
- ✔ Rechargeable batteries supplied
- ✔ Designed for year-round outdoor use
- ✔ Easy installation – no DIY skills required
- ✔ Waterproof and weather resistant (water resistance rating: IP67)
- ✔ Designed for UK climate
- ✔ Automatically turns on when motion is detected
- ✔ 5 metres detection range
- ✔ Lights for 25 seconds once motion is detected
- ✔ Can be used outside or in a shed/garage
- ✔ 5 m cable between solar power and light
- ✔ Designed to meet the OE Lights Standard
- ✔ Up to 8 hours run time
- ✔ CE/ROHS certified
- ✔ 2-year guarantee

15 LED Solar Security Light

Product Barcode: 5060332400003

Measures: Light (including casing): 12.5 x 7cm
Wall unit: 5 x 8cm
Cable: 5 metres

22 LED Solar Security Light

Product Barcode: 5060332400058

Measures: Light (including casing): 8.5cm
x 8cm Wall unit : 10cm x 8cm
Solar panel: 13.5 cm x 13.5cm
Cable: 5 metres

- ✔ 11 x LEDs per light (22 LEDs in total)
- ✔ No need to connect to mains
- ✔ No electricity costs charges using power from the sun
- ✔ Rechargeable batteries supplied
- ✔ Designed for year-round outdoor use
- ✔ Easy installation – no DIY skills required
- ✔ Waterproof and weather resistant (water resistance rating: IP67)
- ✔ Designed for UK climate
- ✔ Automatically turns on when motion is detected
- ✔ Adjustable detection range
- ✔ Adjustable time control
- ✔ Can be used outside or in a shed/garage
- ✔ 5 m cable between solar panel and light
- ✔ Designed to meet the OE Lights Standard
- ✔ Up to 8 hours run time
- ✔ CE/ROHS certified
- ✔ 2-year guarantee

- ✔ 18 x LEDs per light (36 LEDs in total)
- ✔ No need to connect to mains
- ✔ No electricity costs charges using power from the sun
- ✔ Rechargeable batteries supplied
- ✔ Designed for year-round outdoor use
- ✔ Easy installation – no DIY skills required
- ✔ Waterproof and weather resistant (water resistance rating: IP67)
- ✔ Designed for UK climate
- ✔ Automatically turns on when motion is detected
- ✔ 8 metres detection range
- ✔ Lights for 30 seconds once motion is detected
- ✔ Can be used outside or in a shed/garage
- ✔ 5 m cable between solar panel and light
- ✔ Designed to meet the OE Lights Standard

36 LED Solar Security Light

Product Barcode: 5060332400614

Measures: Light (including casing): 21 x 16 x 18.5cm
Solar panel: 18 x 11 x 16cm
Cable: 5 metres

80 SMD LED Solar Security Light

Product Barcode: 5060332400621

Measures: Light (including casing): 13.5 x 12.5 x 19.5cm
Solar panel: 19 x 4.8 x 20cm
Cable: 5 metres

- ✔ Uses SMD technology for enhanced performance
- ✔ 80 SMD LEDs per light
- ✔ No need to connect to mains
- ✔ No electricity costs charges using power from the sun
- ✔ Rechargeable batteries supplied
- ✔ Designed for year-round outdoor use
- ✔ Easy installation – no DIY skills required
- ✔ Waterproof and weather resistant (water resistance rating: IP67)
- ✔ Designed for UK climate
- ✔ Automatically turns on when motion is detected
- ✔ 13 metres detection range
- ✔ Adjustable illumination period from approximately five seconds to two minutes, once motion is detected
- ✔ Adjustable lux setting allows you to control how dark conditions need to be before the light will come on
- ✔ Adjustable sensitivity control
- ✔ 5 m cable between solar panel and light
- ✔ Designed to meet the OE Lights Standard
- ✔ Up to 12 hours run time
- ✔ CE/ROHS certified
- ✔ 2-year guarantee

- ✔ Uses SMD technology for enhanced performance
- ✔ 120 SMD LEDs per light
- ✔ No need to connect to mains
- ✔ No electricity costs charges using power from the sun
- ✔ Rechargeable batteries supplied
- ✔ Designed for year-round outdoor use
- ✔ Easy installation – no DIY skills required
- ✔ Waterproof and weather resistant (water resistance rating: IP67)
